--	----------------------------	--------

Note: The individual pages for each indicator are identified on the tabs as "R" for region; "F" for financial resources; "S" for enrollment size; and "C" for Carnegie classification.

INTRODUCTION

The Key Indicators Tool (KIT) was developed for the Council of Independent Colleges (CIC) by the Austen Group in 2004. This annual benchmarking report provides 20 indicators of institutional performance for small and mid-sized private not-for-profit colleges and universities. Part A covers student information (enrollment, recruitment, progression) and information related to the faculty. Part B covers a wide range of financial information, such as tuition revenue and financial aid, as well as resources and expenditures. The KIT benchmarking report is an important component of CIC's data initiatives, designed to enhance institutional effectiveness and decision making. This confidential resource is prepared for the exclusive use of CIC member presidents, who in turn may choose to share some or all of the report with key staff, board members, or other constituents. Originally developed with support from the William Randolph Hearst Foundations, CIC gratefully acknowledges Ruffalo Noel Levitz's continued financial support of CIC's benchmarking reports.

Data

The KIT uses data from the Integrated Postsecondary Education Data System (IPEDS), the major national source of publicly available information on postsecondary institutions, provided by the U.S. Department of Education's National Center for Education Statistics. The KIT dataset contains information on nearly 750 four-year, private not-for-profit colleges and universities belonging to five Basic Carnegie Classification categories that represent 81 percent of CIC's membership: Baccalaureate Colleges–Diverse Fields, Baccalaureate Colleges–Arts & Sciences, Master's Colleges and Universities (smaller programs), Master's Colleges and Universities (medium programs), and Master's Colleges and Universities (larger programs). Institutions are identified using the new 2021 Carnegie Classification. As a result, 59 institutions are new to the basic database (21 MA, 38 BA). Sixteen institutions are no longer in the database, primarily because of closures. The major change in the 2021 classification for CIC institutions is that the percentage in the doctoral categories increased from 12.5% to 16% of all members. Only institutions with complete data for all five years of comparison are included in each table and chart.

Beginning with the 2021 KIT, CIC has used the IPEDS "Instructional, research and public service FTE staff" and "Part-time instructional, research and public service" variables for indicators Student/Faculty Ratio (Key Indicator 6) and Part-time Faculty (Key Indicator 7). Previously CIC used "Instructional staff, primarily instruction, Full-time and Part-time." As a result, the KIT report will rely on the IPEDS calculation for instructional FTE and a broader definition for instructional staff. For the vast majority of CIC institutions this will make no difference, but for a few it will result in a more useful measure of student-faculty ratio and percentage of part-time faculty.

Data from IPEDS were not altered nor were missing values imputed unless corrected information was provided to CIC directly from an institution. CIC member institutions with incomplete IPEDS data for the most recent year were given the opportunity to submit data prior to the 2022 KIT report's update. In situations where some data for an institution were unavailable, the tables that present the institution's data contain blank cells and the data were not plotted on that indicator's charts.

Format and Analyses

The KIT provides an individually customized report for each institution with regional and national comparisons over a five-year period based on four sorting criteria: region, financial resources, enrollment size, and 2021 Basic Carnegie Classification. Four pages or worksheets are devoted to each of the 20 indicators, one page for each sorting criterion. Each page contains two charts: a national comparison and a regional comparison.

Individually Customized. A customized KIT has been prepared for each CIC member college and university. Each institution's unique data are plotted against national and regional backdrops. On pages presenting comparisons by financial resources, enrollment size, and Carnegie classification, a box in the upper right corner indicates the institution's corresponding category. Your institution's data are plotted on the charts in bright yellow.

Adjusting Charts. There may be times when the trend line for your institution does not appear because it falls below the minimum amount selected for a particular chart. You can rescale the chart by first clicking on the y-axis to the left of the chart to select it. Then right click and a Format Axis box will appear on the right side of the page. Under Axis Options and Bounds, you will see the Minimum option with a number to the right, which is the current setting for the chart. Simply replace that number with one that will include your data and either hit enter or click back on the Excel worksheet.

Five-Year Trends. To understand how an institution has performed over time and to indicate the direction of a trend, the charts cover five-year periods. Indicators 1-11 cover academic year 2016-2017 through academic year 2020-2021. Indicators 12-20 cover academic year 2015-2016 through academic year 2019-2020. In every case, the most recent IPEDS data are used. When data are presented as whole numbers, a five-year percentage change is calculated.

Medians versus Means. The KIT uses national and regional median values (identical to the 50th percentile). The advantage of using median values instead of the mean (average) is that the median is less influenced by high or low extremes, thus providing a more meaningful mid-point for comparative

Four Sorting Criteria. The 20 indicators are presented according to four criteria: region of the country, financial resources, enrollment size, and 2021 Basic Carnegie Classification. The individual pages for each indicator are identified on the Excel tabs as "R" for region; "F" for financial resources; "S" for enrollment size; and "C" for Carnegie classification.

1. **Region:** Each institution is located in one of the six regional categories as outlined below. These regions were selected to reflect the distribution and affinity of CIC member institutions and are not identical to those assigned in IPEDS.

Region	State
Far West	Alaska, California, Hawaii, Nevada, Oregon, Washington
Mid East	Delaware, District of Columbia, Maryland, New Jersey, New York, Pennsylvania
Midwest	Illinois, Indiana, Iowa, Michigan, Minnesota, Missouri, Ohio, Wisconsin
New England	Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, Vermont
Southeast	Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Virginia, West Virginia
West	Arizona, Colorado, Idaho, Kansas, Montana, Nebraska, New Mexico, North Dakota, Oklahoma, South Dakota, Texas, Utah, Wyoming

2. **Financial Resource Quartile:** Each institution was placed in one of four quartiles based on an institution's financial resources. The financial resource measure was calculated by converting two equally weighted indicators: *Net Tuition Revenue per Student* (Key Indicator 15) and *Endowment Assets per Student* (Key Indicator 18). An average of the three most recent years for this calculation is used to create a percentile rank of all institutions in the dataset. Each institution was then assigned to a national and regional quartile based on the distribution of the KIT dataset for the most recent year.

3. Enrollment Size: Institution size uses four enrollment categories: (1) fewer than 1,000 students; (2) 1,000 to 2,000 students; (3) greater than 2,000 to 3,000 students; and (4) greater than 3,000 students. The most recent year's fall full-time equivalent (FTE) enrollment was used to determine size.

4. 2021 Basic Carnegie Classification: The KIT provides comparisons based upon the following five basic Carnegie classifications established in 2005 and revised in 2021: Baccalaureate Colleges–Diverse Fields, Baccalaureate Colleges–Arts & Sciences, Master's Colleges and Universities (smaller programs), Master's Colleges and Universities (medium programs), and Master's Colleges and Universities (larger programs). The classification groups comprise 81 percent of CIC's membership. For additional information about the 2021 Basic Carnegie Classifications, including definitions of various categories, visit:

<http://carnegieclassifications.iu.edu/>

Distribution. The following table shows the relative distribution of institutions in the KIT dataset within each region by national financial resource quartile, enrollment size category, and Carnegie classification.

	Financial Resources		Enrollment Size		Carnegie Classification	
		%		%		%
Far West	Quartile 1 (top)	41%	>3,000	14%	MA-Larger	18%

	Quartile 4 (bottom)	10%	<1,000	21%	BA-Arts & Sciences	34%
					BA-Diverse Fields	10%
Southeast	Quartile 1 (top)	13%	>3,000	7%	MA-Larger	10%
	Quartile 2	18%	2,001-3,000	11%	MA-Medium	11%
	Quartile 3	28%	1,000-2,000	42%	MA-Smaller	13%
	Quartile 4 (bottom)	42%	<1,000	39%	BA-Arts & Sciences	31%
					BA-Diverse Fields	36%
West	Quartile 1 (top)	11%	>3,000	7%	MA-Larger	20%
	Quartile 2	25%	2,001-3,000	10%	MA-Medium	16%
	Quartile 3	33%	1,000-2,000	38%	MA-Smaller	13%
	Quartile 4 (bottom)	31%	<1,000	44%	BA-Arts & Sciences	8%
					BA-Diverse Fields	43%
National			>3,000	13%	MA-Larger	20%
			2,001-3,000	17%	MA-Medium	15%
			1,000-2,000	39%	MA-Smaller	13%
			<1,000	32%	BA-Arts & Sciences	27%
					BA-Diverse Fields	25%

Appendix. At the end of each part of the report is an appendix that defines each indicator, detailing the source of the IPEDS data utilized, and the formulas used to calculate ratios and other measures.

The IPEDS Data Feedback Report

Each fall the National Center for Education Statistics sends to college and university presidents a summary benchmarking report that compares IPEDS data from the most recent year for their institution to a select group of similar colleges and universities. This Data Feedback Report (DFR) may be a useful companion to CIC's Key Indicators Tool (KIT) report. Data for both reports come from the same source, although not all of the indicators are identical. Furthermore, the DFR provides data for only the most recent reporting year, whereas the KIT presents trends over the most recent five years. The Data Feedback Report for any Title IV participating institution is available on the IPEDS website:

<http://nces.ed.gov/ipeds/>

The Council of Independent Colleges

The Council of Independent Colleges (CIC) is an association of 762 nonprofit independent colleges and universities, state-based councils of independent colleges, and other higher education affiliates, that works to support college and university leadership, advance institutional excellence, and enhance public understanding of independent higher education's contributions to society. CIC is the major national organization that focuses on services to leaders of independent colleges and universities and state-based councils. CIC offers conferences, seminars, publications, and other programs and services that help institutions improve educational quality, administrative and financial performance, student outcomes, and institutional visibility. It conducts the largest annual conferences of college and university presidents and of chief academic officers in the United States. Founded in 1956, CIC is headquartered at One Dupont Circle in Washington, DC. For more information, visit

www.cic.edu

For questions or comments about CIC's benchmarking services, including the Financial Indicators Tool (FIT), please contact Jason Rivera, CIC Director of Strategic Research, by phone at (202) 466-7230 or by email at

jrivera@cic.edu

RNL

Ruffalo Noel Levitz (RNL) is the leading provider of higher education enrollment, student success, and fundraising solutions. The firm serves more than 1,900 colleges and universities through data-driven solutions focused on the entire lifecycle of enrollment and fundraising, assuring students find the right program, graduate on time, secure their first job in their chosen field, and give back to support the next generation. With a deep knowledge of the industry, RNL provides institutions the ability to scale their efforts by tapping into a community of support and resources. To learn more, visit:

www.RuffaloNL.com

CIC BENCHMARKING SERVICES

CIC is pleased to offer the following benchmarking services to enhance the Key Indicators Tool (KIT).

Comparison Group KIT

Fee: \$500

This service provides CIC members a customized KIT report with the 25th, 50th, and 75th percentiles for each indicator for either one or two comparison groups selected by the institution. Customized groups permit more refined comparisons that may be useful for particular strategic objectives. Comparison groups may range in size from five to 25, though groups of 10 to 15 are recommended. Selecting two groups provides for multiple comparisons, perhaps of a peer and an aspirant group (see “Guidelines for Selecting Comparison Groups” available on the CIC website). Comparison institutions may be selected from among private, not-for-profit, four-year colleges or universities in the United States.

Online Consultations

Fee: \$650 (KIT only)

Fee: \$950 (KIT and FIT)

CIC has arranged with Mike Williams, president of the Austen Group, to provide web-based consultations using an institution’s KIT report with senior staff, boards, or faculty groups. The interactive online session employs voice and shared graphics, allowing participants to engage in substantive conversation about the institution's concerns and goals in light of the KIT data. This service provides a cost-effective approach to enhancing the value of the KIT for your institution. It also is possible to extend what is generally a one-hour consultation to 90 minutes to include the companion Financial Indicators Tool (FIT) in the presentation. The fee for a consultation using both the KIT and the FIT is \$950. Consultations should be scheduled at least four weeks in advance.

For additional information or to request any of these benchmarking services, please visit:

www.cic.edu/BenchmarkingServices

Or contact Jason Rivera, CIC Director of Strategic Research, by phone at (202) 466-7230 or by email:

DATA INFORMATION: DEFINITIONS, IPEDS SOURCES, AND FORMULAS

To use this appendix, visit <http://nces.ed.gov/ipeds/datacenter/> and follow these steps:

- select "Compare Institutions"
- enter your institution's name
- select "Continue" to see variables

11) TUITION PRICE (\$)

Definition: The published price of tuition and fees for full-time, first-time degree-seeking undergraduate students.

IPEDS: Student Charges
Price of attendance for full-time, first-time undergraduate students (academic year programs)
Tuition and fees: 2006-07 to current year
Published in-state tuition and fees (Current year)

12) TOTAL INSTITUTIONAL AID PER STUDENT (\$)

Definition: The total amount of institutional student aid (funded and unfunded) divided by total 12-month student FTE.

IPEDS: Finance
Private not-for-profit institutions or Public institutions using FASB
Student grants
Institutional grants (funded)
Institutional grants (unfunded)

Frequently used/Derived variables
12-month enrollment
Unduplicated headcount and FTE
12-month full-time equivalent enrollment

Formula:
$$\frac{\text{Institutional grants (funded)} + \text{Institutional grants (unfunded)}}{12\text{-month FTE}}$$

13) UNFUNDED INSTITUTIONAL AID PER STUDENT (\$)

Definition: The amount of unfunded institutional student aid divided by total 12-month student FTE.

IPEDS: Finance
Private not-for-profit institutions or Public institutions using FASB
Student grants
Institutional grants (unfunded)

Frequently used/Derived variables
12-month enrollment
Unduplicated headcount and FTE
12-month full-time equivalent enrollment

Formula:
$$\frac{\text{Institutional grants (unfunded)}}{12\text{-month FTE}}$$

14) AVERAGE INSTITUTIONAL AID FOR FIRST-YEAR STUDENTS (\$)

Definition: The average amount of institutional financial aid given to full-time, first-time degree-seeking undergraduate students receiving aid.

IPEDS: Student Financial Aid and Net Price
Student financial aid
Financial aid to full-time, first-time degree/certificate-seeking undergraduate students
Average amount of institutional grant aid awarded to full-time first-time undergraduates

15) NET TUITION REVENUE PER STUDENT (\$)

Definition: Total tuition and fee revenue less institutional financial aid (funded and unfunded) divided by total 12-month student FTE.

IPEDS: Finance
Private not-for-profit institutions or Public institutions using FASB
Student grants
Allowances applied to tuition and fees

Finance
Private not-for-profit institutions or Public institutions using FASB
Revenues and investment return
Tuition and fees

Frequently used/Derived variables
12-month enrollment
Unduplicated headcount and FTE
12-month full-time equivalent enrollment

Formula:
$$\frac{(\text{Total tuition and fees} + \text{Total allowance applied to tuition and fees}) - (\text{Institutional grants-funded} + \text{Institutional grants-unfunded})}{12\text{-month FTE}}$$

16) DISCOUNT RATE (%)

Definition: Total institutional financial aid (funded and unfunded) for undergraduate and graduate students divided by total tuition and fee revenue.

IPEDS: Finance
Private not-for-profit institutions or Public institutions using FASB
Student grants
Institutional grants (funded)
Institutional grants (unfunded)
Allowances applied to tuition and fees

Finance
Private not-for-profit institutions or Public institutions using FASB
Revenues and investment return
Tuition and fees

Formula:
$$\frac{\text{Institutional grants (funded)} + \text{Institutional grants (unfunded)}}{\text{Total tuition and fees} + \text{Total allowance applied to tuition and fees}}$$

17) TUITION DEPENDENCY (%)

Definition: The percentage of total expenditures covered by total net tuition revenue.

IPEDS: Finance

Private not-for-profit institutions or Public institutions using FASB

Student grants

Institutional grants (funded)

Institutional grants (unfunded)

Allowances applied to tuition and fees

Finance

Private not-for-profit institutions or Public institutions using FASB

Revenues and investment return

Tuition and fees

Finance

Private not-for-profit institutions or Public institutions using FASB

Expenses and salaries and wages by function and total expenses by natural classification: Fiscal years 2016 to current year

Total expenses-Total amount

Formula:
$$\frac{(\text{Total tuition and fees} + \text{Total allowance applied to tuition and fees}) - (\text{Institutional grants-funded} + \text{Institutional grants-unfunded})}{\text{Total expenses}}$$

18) ENDOWMENT ASSETS PER STUDENT (\$)

Definition: Endowment Assets at the end of the fiscal year divided by total 12-month student FTE.

IPEDS: Finance

Private not-for-profit institutions or Public institutions using FASB

Endowment assets

Value of endowment assets at the end of the fiscal year

Frequently used/Derived variables

12-month enrollment

Unduplicated headcount and FTE

12-month full-time equivalent enrollment

Formula:
$$\frac{\text{Endowment Assets}}{\text{12-month FTE}}$$

19) INSTRUCTIONAL EXPENSE PER STUDENT (\$)

Definition: Total instructional expenditures divided by total 12-month student FTE.

IPEDS: Finance

Private not-for-profit institutions or Public institutions using FASB

Expenses and salaries and wages by function and total expenses by natural classification: Fiscal years 2016 to current year

Instruction-Total amount

Frequently used/Derived variables

12-month enrollment

Unduplicated headcount and FTE

12-month full-time equivalent enrollment

Formula:
$$\frac{\text{Total instructional expenditures}}{\text{12-month FTE}}$$

20) TOTAL EXPENSE PER STUDENT (\$)

Definition: Total expenditures divided by total 12-month student FTE.

IPEDS: Finance

Private not-for-profit institutions or Public institutions using FASB

Expenses and salaries and wages by function and total expenses by natural classification: Fiscal years 2016 to current year

Total expenses-Total amount

Frequently used/Derived variables

12-month enrollment

Unduplicated headcount and FTE

12-month full-time equivalent enrollment

Formula:
$$\frac{\text{Total expenditures}}{\text{12-month FTE}}$$
